# EVERYONE LOSES

## AT BALLY'S AND CAESARS

WHEN WORKERS ARE TREATED *UNFAIRLY*

Dealers at Caesars and Bally's have been demoted, seen their hours cut and lost health care and retirement benefits. At the same time, the CEO got a raise from \$15 million to \$39 million a year. Now he's stalling fair negotiations at Caesars and he's breaking the law by refusing to bargain at Bally's. So if you're playing at Bally's and Caesars this weekend, treat your dealers well – because their employer clearly isn't.
